

# TRES DIAS CLEVELAND

Giving Thanks.....

Leaves are falling after a glorious display of color, and the sun hits at an angle that illuminates like no other time of the year. It makes me say, "Thank you, God, for DeColores."

After the autumn and we are forced to weather winter storms, I will definitely ask myself why we live in Northeast Ohio. But, the storms always end, and I will be awed that the earth is so beautiful, white and clean. Again, I will feel compelled to say, De Colores.

Being active in, and supported by, this God-filled Tres Dias Community has given me many blessings I am truly thankful for. While walking with you in fellowship, worship and accountability throughout my fourth day, God has been making me a different man. I am thankful for His presence in my life, and for revealing His love and His plans through the witness of this Community. He has greatly blessed me in so many ways during the days, weeks, months and years since my candidate weekend.

Thank you, God, for these good people who help me to look past the storms and to see the bright, colorful, positive side of all my life's experiences. The fellowships and friendships from Tres Dias have helped me look at life through new eyes as a constantly renewing believer in Jesus Christ.

This Thanksgiving season, I am grateful because He has changed my life and my attitude to experience so much beauty through all of you.

DeColores!
